3. SUBMITTING A VERIFIED CONSUMER REQUEST

To exercise your Right to Know, Data Portability, and Right to Delete, you must provide us with sufficient information to allow us to verify your identity, and describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it. Once we receive the information you provide to us, we will review it and determine if more information is necessary to verify your identity as required by law, and we may request additional information in order to do so.

To exercise your California privacy rights described above, please submit a verifiable request to us by:

- Emailing us at privacyinfo@jetaviation.com

Only you, or a person authorized by you to act on your behalf, may make a verifiable consumer request related to your personal data.

You may only make a verifiable consumer request for Right to Know or Data Portability twice within a 12-month period. The verifiable consumer request must:

- Provide sufficient information that allows us to reasonably verify you are the person about whom we collected personal data or an authorized representative. Given the sensitivity of your personal data that we collect and retain, we will need to verify your identity with at least two pieces of information, such as your name (first and last) and address.
- Describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it.
- We may deny your request if we are unable to verify your identity or have reason to believe that the request is fraudulent.

Consumer Request by an Authorized Agent

If any authorized agent submits a consumer request on your behalf, in order to confirm that person or entity's authority to act on your behalf and verify the authorized agent's identity, we require a call be made to the toll-free number provided above, or an email be sent to

privacyinfo@jetaviation.com, along with all of the below items:

- To verify your authorization to request on behalf of a California resident, provide one or more of the following: (1) California Secretary of State authorization, (2) written permission from the California resident, or (3) power of attorney.

- To verify the identity of the California resident for whom the request is being made, provide the consumer's name (first and last) and address.

We may request additional information to verify your identity and/or authority to make the request. We cannot respond to your request or provide you with personal data if we cannot verify your identity or authority to make the request and confirm the personal data relates to you. We will only use personal data provided in a verifiable consumer request to verify the request's identity or authority to make the request.

We will acknowledge receipt of the request within ten (10) days of its receipt. We will respond to a verifiable consumer request within forty-five (45) days of its receipt. If we require more time (up to 90 days), we will inform you of the reason and extension period in writing. We will deliver our written response by mail or electronically, at your option. Any disclosures we provide will only cover the 12-month period preceding the receipt of the verifiable consumer request. The response we provide will also explain the reasons we cannot comply with a request, if applicable. For Data Portability requests, we will provide the responsive information in a portable and, to the extent technically feasible, in a readily useable format that allows you to transmit the information to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive, or manifestly unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

4. SALE OF PERSONAL DATA

We never sell your personal data to third parties for money. However, the CCPA defines "sale" broadly, and that definition could include information that we have shared with our service providers. In the past twelve (12) months, we have "sold" (as defined under the CCPA) the following categories of personal data set forth in the list under Section 1 "Processing of Personal Data": 1, 2, 4, 5, and 6. We disclosed this personal data to our service providers to allow them to provide services to you, to us, or on our behalf.

We do not and will not knowingly sell the personal data of minors under the age of 16 without affirmative authorization.

Do Not Track: We use analytics systems and providers that process personal data about your online activities over time and across third-party websites or online services and these systems and providers may provide some of this information to us. We do not currently process or comply with any web browser's "Do Not Track" signal or similar mechanisms.

Note, however, that you may find information about how to opt out of Google Analytics and/or block or reject certain tracking technologies in our [Cookies Notice](#).
